REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest a determination of a centroid of a waveform signal indicating how a system responds to an input signal as the value of the input signal is varied over a predetermined range, the determination including creating an interpolated sampled point at a selecting amplitude, and performing a centroid calculation using only the sampled points with an amplitude greater than a predetermined threshold as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chuong D Ngo whose telephone number is (703) 305-9764. The examiner can normally be reached on Tuesday-Friday.
